

Project Implementation

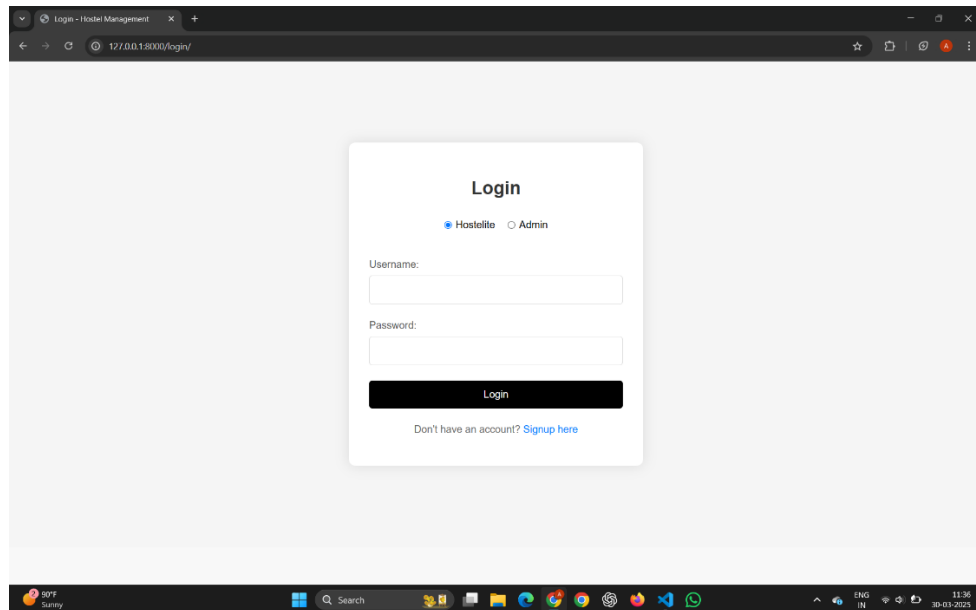

HostelMate

1. Welcome Page

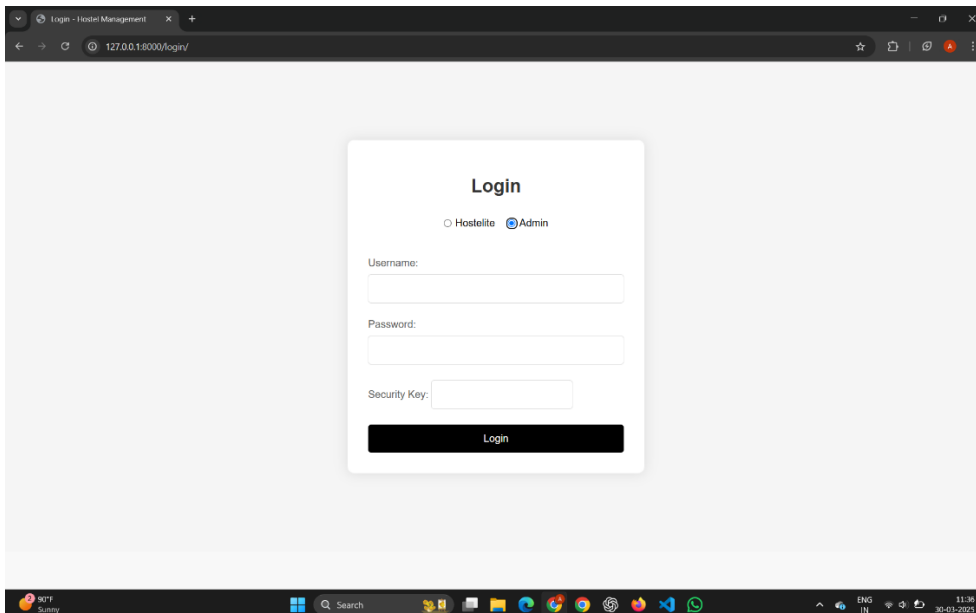

1. Login

- Enter valid username and password along with the role **hostelite** or **admin** and in case the role is **admin** enter the valid security key for more secured logging in.

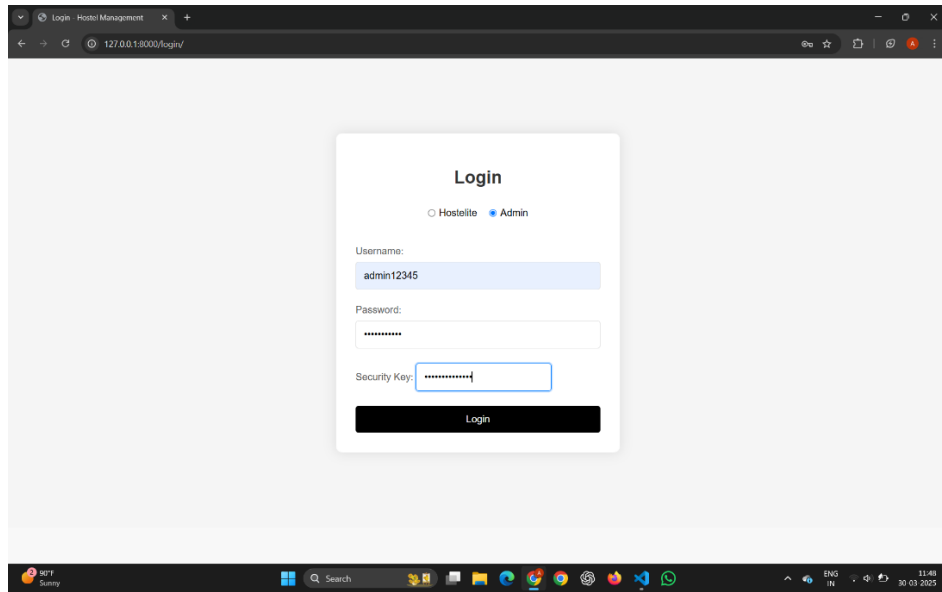

The screenshot shows a web browser window with the title "Login - Hostel Management". The address bar shows the URL "127.0.0.1:8000/login/". The login form is centered on the page and has the following elements:

- Login** (Title)
- Role selector: ☒ Hostelite ☐ Admin
- Username:
- Password:
- Login** (Button)
- Link: [Don't have an account? Signup here](#)

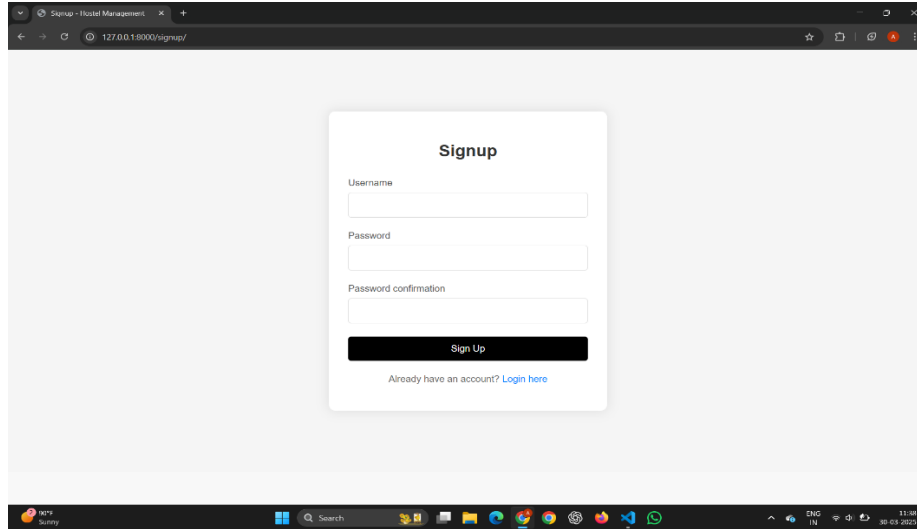

The screenshot shows the same web browser window, but the role selector is now set to ☐ Hostelite ☒ Admin. The login form now includes an additional field for the Security Key:

- Login** (Title)
- Role selector: ☐ Hostelite ☒ Admin
- Username:
- Password:
- Security Key:
- Login** (Button)

2. Sign Up

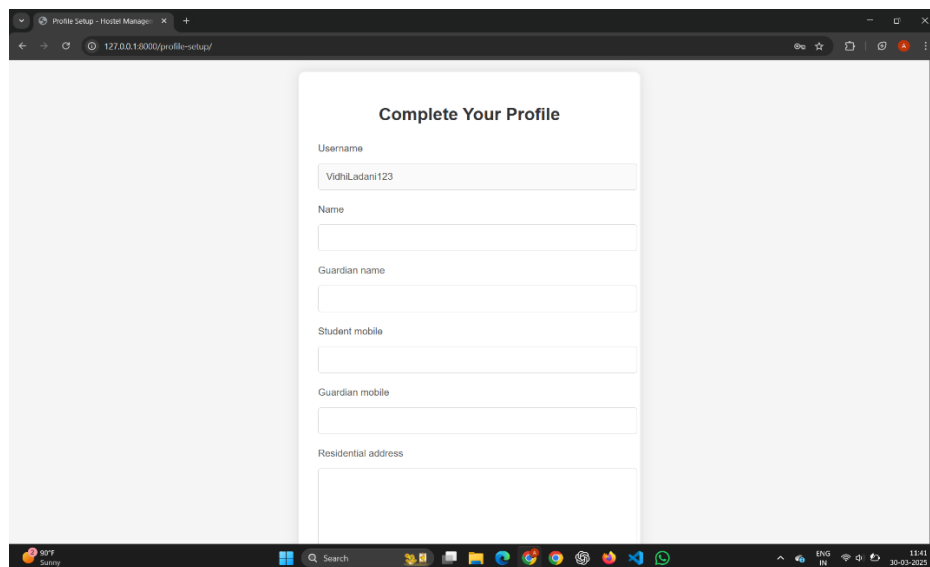

- In case of new user create username and password.

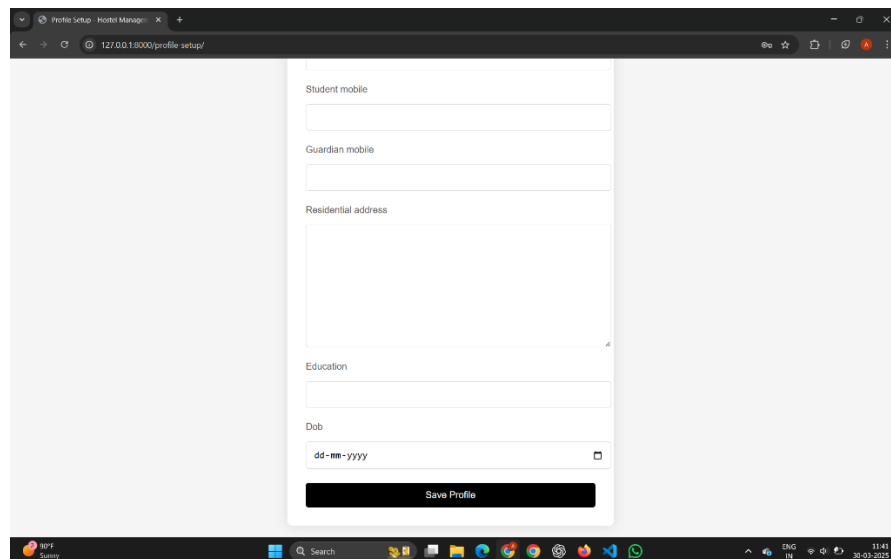

The screenshot shows a web browser window with the title "Signup - Hotel Management". The address bar displays "127.0.0.1:8000/signup/". The main content area features a centered "Signup" form. The form includes three input fields labeled "Username", "Password", and "Password confirmation". Below these fields is a black "Sign Up" button. At the bottom of the form, there is a link that says "Already have an account? [Login here](#)". The browser's taskbar at the bottom shows the Windows logo, a search bar, and various application icons. The system tray on the right indicates the date and time as "11:58 30-03-2023".

3. Profile Setup

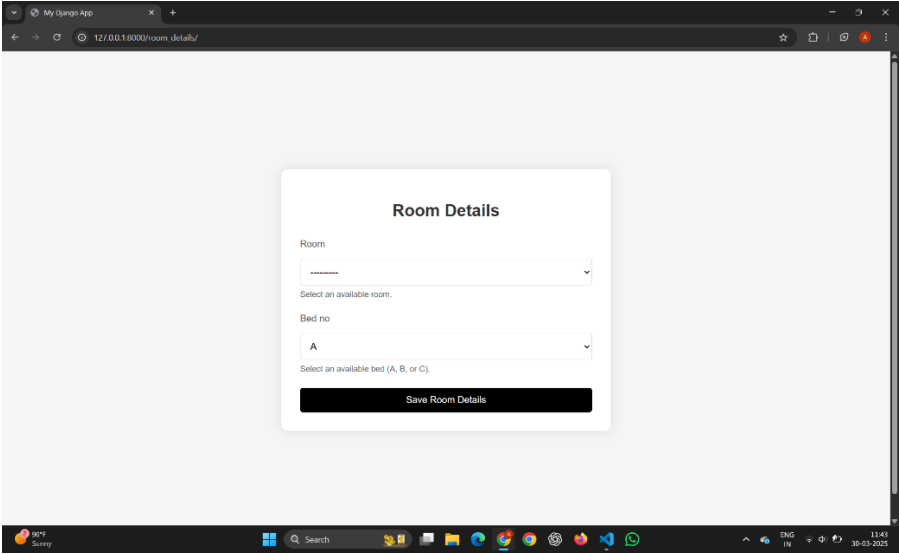

- After signing up new hostelite is required to create their profile in order to have the details with the hostel.
- The hostelite will be able to access the user dashboard only when they have created their profile.
- After entering their personal profile details they must enter their room details and will be able to choose their room and respective beds from available ones.

The screenshot shows a web browser window with the title 'Profile Setup - Hostel Manager'. The address bar shows '127.0.0.1:8000/profile-setup/'. The main content is a form titled 'Complete Your Profile'. The form contains the following fields: Username (with the value 'VidhiLadani123'), Name, Guardian name, Student mobile, Guardian mobile, and Residential address. The Windows taskbar at the bottom shows the date and time as 11:41 on 30-03-2025.

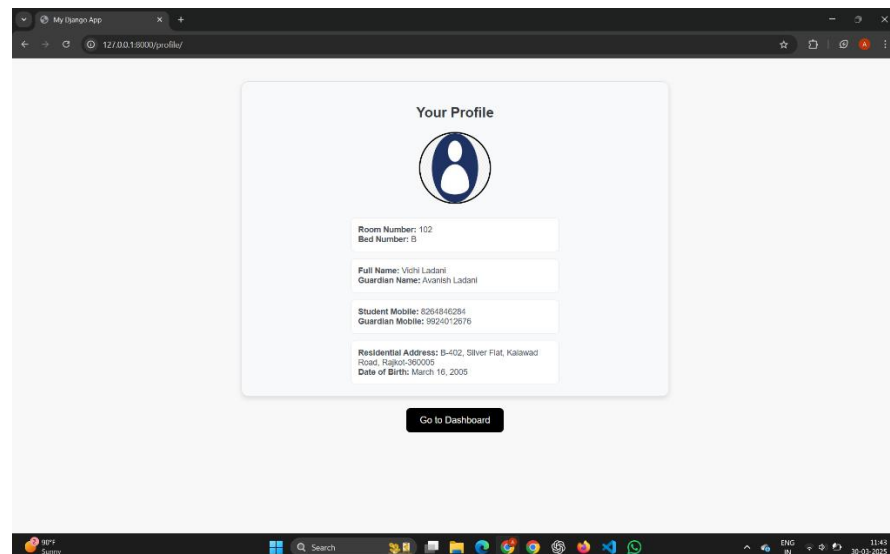

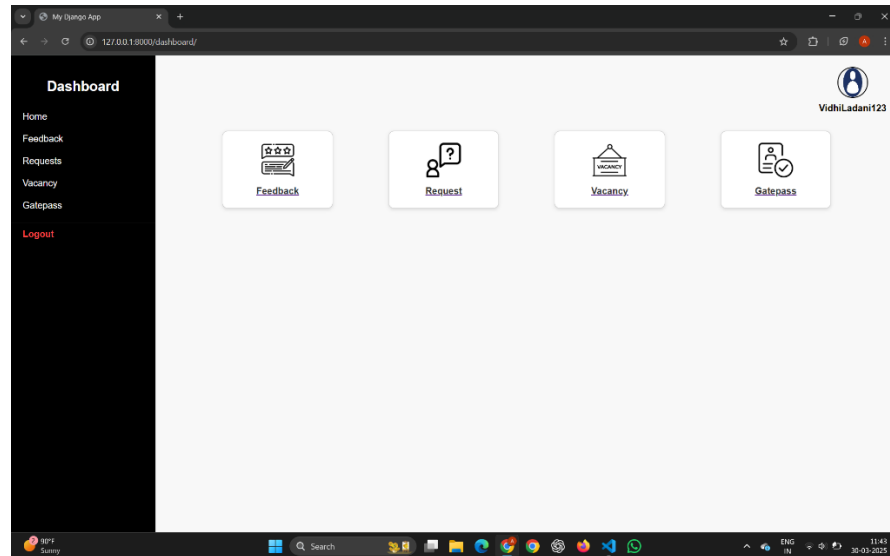

This screenshot shows the bottom portion of the 'Complete Your Profile' form. The visible fields are: Student mobile, Guardian mobile, Residential address (with a text area), Education, and Dob (with a date picker showing 'dd-mm-yyyy'). A black 'Save Profile' button is located at the bottom of the form. The browser window title and address bar are the same as in the previous screenshot.

4. User Dashboard

- Hostelites will be able to access all the features from here.

4.1 Feedback

- User will be able to provide respective feedbacks of lunch,dinner and breakfast
- They are allowed to provide the respective feedbacks at most once.
- They can also view the past feedbacks.

4.2 Request Box

- Hostelites can submit any particular request that they have regarding any purpose and admin will be able to view them.
- They can also view any past requests that they have made.

The screenshot shows a web browser window with the address bar displaying '127.0.0.1:8000/requestbox/'. The page title is 'Request Box'. The main heading is 'Submit Your Request'. Below this, there is a section titled 'Your Request' containing a text input field with the placeholder text 'I want my room to be cleaned regularly.' and a 'Submit Request' button. Below the input field, there is a 'View Past Requests' link and a 'Go to Dashboard' button.

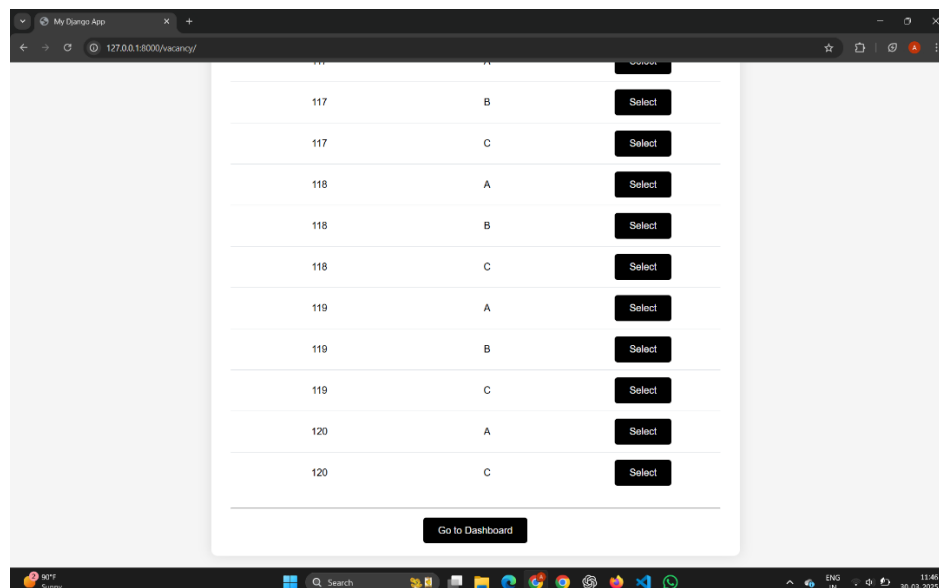

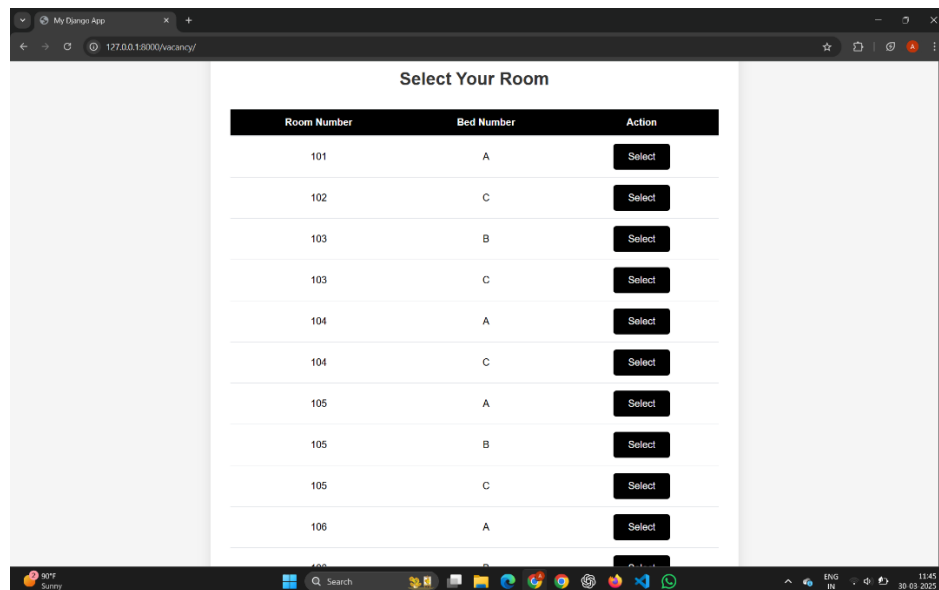

The screenshot shows a web browser window with the address bar displaying '127.0.0.1:8000/view_requests/'. The page title is 'Past Requests'. The main heading is 'Your Past Requests'. Below this, there is a list of past requests, with the first entry showing the date '30 Mar 2025' and the request text 'I want my room to be cleaned regularly.' Below the list, there is a 'Back to Request Box' button.

4.3 Vacancy

- The hostelites can change their current rooms if they have any issues and move to any of the vacant rooms.
- Once they select any room from vacancy list the vacancy list will get updated with hostelite's current room and bed and the selected one will be updated on users room details.

4.4 Gatepass Generation

- In order to leave the hostel due to any purpose hostelites can generate gatepass mentioning the reason along with date and time and the status of the gatepass whether active or expired will be shown.
- They can also view their past gatepasses.

5. Admin Dashboard

- Once the admin is logged in using his username, password and security key he can access this admin dashboard.

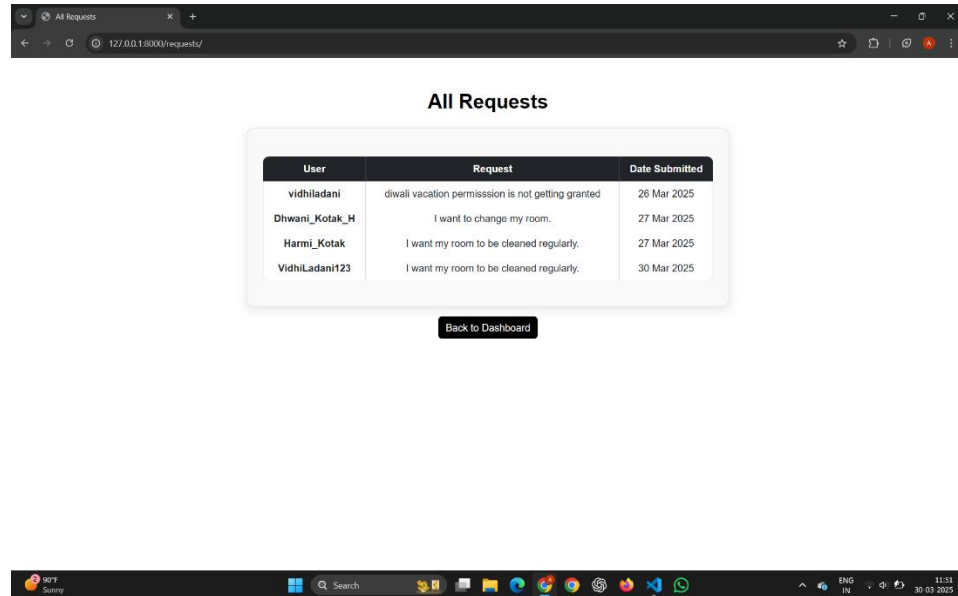

5.1 Feedback Analysis

- The feedback provided by the students is analyzed on the admin side and visual graphs are generated to show the overall analysis.

5.2 View Requests

- This shows the requests made by the hostelites.

5.3 View vacancies

- This features shows the available vacant rooms on admin side.

Room Occupancy Status

Room Number	Bed A	Bed B	Bed C
101	Vacant	Sita	Dhwanj_Kotak_H
102	Harmi_Kotak	VidhiLadani123	Vacant
